SYNOPSIS

Presented by our Apollo Theatre Company,
Door to Door is a thought-provoking, one-act, dramatic comedy that reflects on the physical and metaphorical doors that we all face in life. The show is an ensemble piece, showcasing many different characters and the challenges they face. In the variety of thematic scenes, we meet a woman searching for "Mr. Right", a young woman who passes up every opportunity while relying on luck, a son struggling to tell his father that he's gay, a monster coming to terms with his human growing up, a man on a date facing a million decisions, and more. These scenes are punctuated with a series of monologues that collectively tell Trish's story, starting from when she is a young girl to when she becomes a woman, a wife, a mother, a survivor, and a widow. With relatable and diverse characters, you will be sure to laugh and cry as you get a look behind others' closed doors.

ABOUT THE APOLLO PROGRAM: The Apollo theatre Company is an intensive 10 to 14 week performing program offered 3 times a year by audition. This program has emphasis on strong performing qualities, and also provides a sense of belonging.
The Apollo Program is for students in 7th-11th grade (Exceptions made by invitation only)

DIRECTORS NOTES:

Colton

This show has been such an adventure for everyone involved. From set building, to scene rehearsing, to character building, to prom making, to light designing. Everyone involved has put so much time and work to ensure that we have an amazing show. Many of these stories are unique and tear jerking. It has been such a great experience delving deeper into each of these situations and growing emotionally with these kids. I'm very proud of all of them. Enjoy the show.

Chersti

Theater is an incredible source for storytelling and I'm so proud of how well these kids have grown their storytelling skills. It's allowed them to experience and analyze new thoughts and important topics. It's incredible to see the progress they've made in such a short period of time. I hope this play will allow actors and audience members explore new ideas and create new opinions.

Ivan

Door to Door is a broad-spectrum play that has pushed us all to discover what we value and how life's crazy turns can make us so much stronger. We invite you to rediscover life's ups and downs with this performance. The value in the little things, hugs, hellos, goodbyes, are worth more than you could ever expect.
