BLACKS CREEK
INNOVATIONS INC

Firewood Processors and Equipment

Making your life's work, simplified!

Why Choose Blacks Creek?

Nothing beats the satisfaction of standing back and admiring that big pile of wood you just cut. Producing firewood is not just a job; it's about being outdoors, working with nature and being self-reliant. Blacks Creek simplifies your life's work so you can focus on output.

Our design principle is simple: make it rugged, reliable and good value for your money. We specialize in high quality and affordable firewood processing equipment, exceptional customer service and after-sale support. We believe we offer the best value for money on the market.

Canadian made, Blacks Creek firewood processing equipment reduces fatigue, is easier on your knees and back and much quieter than a chainsaw. Best of all, because of our design principle, our equipment will serve you well and allow you build a successful business.

HOPE International Development Agency

Blacks Creek Innovations Inc. believes in sharing the many benefits of living in North America. In order to do this, a portion of our profits are used to support community development around the world. We are pleased to partner with **Hope International Development Agency** to bring support to people in need around the world.

Let Our Equipment Work For You

Let our equipment pay for itself through its use. Financing with **Approved Lending Centres** allows you to pay for the equipment as it is being used . . .the revenue (or efficiency gain) generated helps the equipment "pay for itself".

Model 1250 - Economical, yet made heavy duty like the big guys.

Specifications

Shown with Optional Log Loader

- 14 HP Briggs & Stratton Engine
- Hydraulic Pump - Max 12.7 GPM
- 10 Gallon Hydraulic Reservoir
- 3.5" x 24" Splitting Cylinder
- 18" Bar / 3/8" x .058 Gauge Chain
- Gravity Feed Saw Chain Lubrication
- 16" Maximum Log Diameter
- 7' Log Deck Length
- 8' Length of Log
- 12" to 24" Adjustable in 1" Increments Firewood Cutoff Lengths
- Four-Way Wedge

Options

- 3-Point Hitch or Skid Steer
- Electric Start (Battery Not Included)
- 13 HP Honda Engine
- Hydraulic Log Lift
- 6' Log Deck*
- 6' Live Log Deck*
- 8' Live Log Deck*

* Not attached to processor

Skid Steer/3-Point Hitch Model

Model 1500 - For commercial production.

Specifications

- 13 HP Honda Engine
- Hydraulic Pump - 2 Stage 16/4 GPM
- 10 Gallon Hydraulic Reservoir
- 3.5” x 24” Splitting Cylinder
- 18” Bar and 3/8” Gauge Chain
- Gravity Feed Saw Chain Lubrication
- 16” Maximum Log Diameter
- In-Feed Conveyor - Hydraulic/Belt
- 8’ Conveyor Length
- 8’ to 10’ Length of Log (12’-14’ length of log with optional 11’ in-feed conveyor)
- 12” to 24” Adjustable in 2” Increments Firewood Cutoff Lengths
- 9” Wide Belt Conveyor
- Adjustable Four-Way Wedge

Options

- Hydraulic Log Lift
- Electric Start (Battery Not Included)
- 6’ Log Deck*
- 6’ or 8’ Live Log Deck *
- 36” Firewood Cut Off Length
- 11’ In-Feed Conveyor Deck

* Not attached to processor

Model 2000 - Increase your log size.

Specifications

- 13 HP Honda Engine
- Hydraulic Pump - 2 Stage 16/4 GPM
- 10 Gallon Hydraulic Reservoir
- 3.5” x 24” Splitting Cylinder
- 20” Bar and 3/8” Gauge Chain
- Gravity Feed Saw Chain Lubrication
- 18” Maximum Log Diameter
- In-Feed Conveyor - Hydraulic/Belt
- 8’ Conveyor Length
- 8’ to 10’ Length of Log (12’-14’ length of log with optional 11’ in-feed conveyor)
- 12” to 24” Adjustable in 2” Increments Firewood Cutoff Lengths
- 11.25” Wide Belt Conveyor
- Adjustable Four-Way Wedge

Options

- Hydraulic Log Lift
- Electric Start (Battery Not Included)
- 6’ Log Deck*
- 6’ or 8’ Live Log Deck *
- 36” Firewood Cut Off Length
- 11’ In-Feed Conveyor Deck

* Not attached to processor

*Shown with optional log loader

Model 2000B - Our fastest, high performance machine.

Specifications

- 23 HP Honda Engine with Electric Start
- Hydraulic Pump - 2 Stage 22/6 GPM
- 15 Gallon Hydraulic Reservoir
- 4” x 24” Splitting Cylinder
- 20” Bar and 3/8” Gauge Chain
- Gravity Feed Saw Chain Lubrication
- 18” Maximum Log Diameter
- In-Feed Conveyor - Hydraulic/Belt
- 8’ Conveyor Length
- 8’ to 10’ Length of Log (12’-14’ length of log with optional 11’ in-feed conveyor)
- 12” to 24” Adjustable in 2” Increments Firewood Cutoff Lengths
- 11.25” Wide Belt Conveyor
- Adjustable Four-Way Wedge

Options

- Hydraulic Log Lift
- 6’ Log Deck*
- 6’ - 8’ Live Log Deck *
- 36” Firewood Cut Off Length
- 11’ In-Feed Conveyor Deck
- Six-Way Wedge (blade only)

* Not attached to processor

*Shown with optional live deck

Model 2500 - Built for serious sized logs.

Specifications

- 23 HP Briggs and Stratton Engine with Electric Start
- Hydraulic Pump - 2 Section Pump 22/2.5 GPM
- 17 Gallon Hydraulic Reservoir
- 4” x 24” Splitting Cylinder
- 23” Bar and 3/8” Gauge Chain
- Gravity Feed Saw Chain Lubrication
- 23” Maximum Log Diameter
- In-Feed Conveyor - Hydraulic/Chain
- Hydraulic Log Clamp
- Hydraulic Saw Bar Sweep
- 12’ Conveyor Length
- 12’ to 16’ Length of Log
- 12” to 24” Adjustable in 2” Increments Firewood Cutoff Lengths
- Adjustable Four-Way Wedge

Options

- 6’ Log Deck
- 6’ Live Log Deck
- 36” Firewood Cut Off Length
- Six-Way Wedge (blade only)
- Hydraulic Wedge
- Torsion Axel

Material Conveyors

Blacks Creek conveyors are constructed with a heavy steel frame and are powered by a Honda engine, hydraulic motor or electric motor. Conveyors greatly increase firewood productivity and can be used for other materials such as hay, mulch etc.

Model	Length to Maximum Height
1640	16’ → 8’
2040	20’ → 10’
2440	24’ → 12’
3040	30’ → 15’

Options

- Aluminum Cleats

Options

Log Decks

Blacks Creek's live decks allow a large quantity of logs to be accessible for processing into firewood, thus increasing productivity. The live deck uses a chain conveyor system driven by a hydraulic motor connected to the firewood processor's hydraulic system to advance logs quickly on the processor's conveyor with the push of a lever. The units are supported by adjustable legs. Maximum log length of 16 feet.

Model	Size	Model	Size

Additional Equipment

Blacks Creek Innovations Inc is an authorized dealer for AM Machinery, Black Splitter and D & L Timber Technologies. Please visit our website for more details or call 1-888-989-3717.

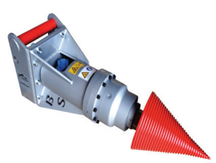
AM Machinery

Blacks Creek Innovations is a dealer for AM Machinery. Their trailers are durable and robust, their grapples are strong and well made. From ATV trailers, to on-road/off road forestry trailers, dump trailers and power packs, AM Machinery has equipment for the amateur to the professional.

Black Splitter

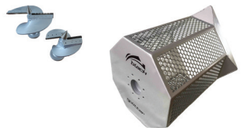
The optimal equipment to split wood with a mini or larger excavator, backhoe or skid steer!
Blacks Creek Innovations is a dealer of Black Splitter products. Black Splitter hydraulic wood-splitting attachments are designed to fit excavators in the one to twenty-five metric ton weight class. Due to their exceptional German engineering and robust construction, Black Splitter hydraulic wood-splitting attachments and accessories have earned acclaim for their superior quality from industry professionals around the world.

Black Splitter S2X



Black Splitter SB

Black Splitter SG3



Various Accessories

D & L Timber Technologies

Top quality portable sawmills, capable of processing entire logs into S4S lumber without moving or turning the log and provides greater capabilities with a lower cost over traditional mills. The D & L 180SB Series is available in three models and three sizes with a variety of options to suit any need.
