

Long Arm Quilting Service

QTLLC.NET

Let Us Quilt Your Masterpiece

Looking for a perfect quilt? Do you have a number of projects started but just haven't had the time to finish them? Are you up against a deadline to get a quilt done in time for a special event?

Quiltin' Time is proud to offer professional longarm quilting services on our Nolting Longarm Quilt machine to help satisfy those needs. We give you the option of a number of quilt designs including: **small and large freestyle meandering.**

In addition you can select from such quilt stitches as:

- Stippling
- Swirls and Hearts
- Feathers
- Cabbage Roses
- Swirls and Stars
- Scrolls (Flowers)
- Leafy Vines
- Moving Water
- Basting

Put a great finishing touch on your beautiful creation with our custom quilting. Pantographs are also available. Pricing varies according the quilting style you choose. Send us an email QTLLC@outlook.com or call us at (678) 773-7146 for an appointment and we'll be glad to give you an estimate.

Steps	Tips on how to Prepare Your Quilt for Machine Quilting	
1	Trim all loose threads	
2	Secure all seams. Backstitch at the outer edge of your border seams.	
3	Remove all pins.	
4	Press the top and back of your quilt and fold each one separately.	
5	Piece the backing of your quilt using 1/2" seams and press these seams open.	
6	Square up all sides of the top and back of your quilt to form a straight edge.	
7	Make the back 3" larger than the top on all four sides. (width +6", length +6")	
8	Batting must be as long and as wide as your backing. "Warm and Natural" 100% cotton batting is available from our shop.	
9	Is your backing pieced with either borders or blocks? Due to the pull of the fabric on the machine they may not be perfectly centered. But, we'll do our best. <i>Avoid narrow borders and blocks with points. These will not quilt well.</i>	
10	Think about the color of your quilt thread when choosing your backing fabric. Lighter colors are generally better than dark backing fabric to minimize the possibility of "bearding". (batting showing through backing).
