

### VALLEY FREIGHTLINER - MAYTOWN, WA

In 2012 INNOVA was hired to provide architectural services and civil and structural engineering for the new Valley Freightliner Sales & Service Facility in Maytown, WA. We worked with Valley Freightliner staff to develop the program needs of the facility which included a retail sales counter for parts, a service counter, back counter parts staff, night service, parts warehouse, service shop, diver lounge, truck sales area, and a steam bay for the truck wash.

The service shop design included a pit and lube area, bridge crane, ceiling-mounted exhaust ducts, hose reels, tool and work bench locations, task lighting, a transmission rebuild area, explosion-proof plugs, lights and electrical circuits, compressors, and a recycle reclamation system for wash water.

### ABOUT VALLEY FREIGHTLINER

Valley Freightliner, Inc (VFI) is a full service dealer that can sell, finance, insure, and service commercial trucks for medium and heavy duty applications. VFI is an exclusive Freightliner Dealership, a full-service body shop, a premier used truck dealer and offers competitive financing and full coverage commercial trucking insurance. They have 12 Truck Centers throughout the Pacific Northwest.
