

Hullett Marsh Geocache Hunt

Follow the coordinates and clues to find a small geocache at each location. They are all different colours and some are more challenging to find than others. You will need to bring a pencil with you to sign the logs. Please be considerate of all users and make sure geocaches are closed tightly and hidden once again after you find them.

Whistler Pool Cut

43°37'22.21"N
81°27'12.56"W

A large metal fence, use your common sense. Take a look at the back, near the large crack.

Geocache Colour:
Silver

Bluewing Pool

43°36'37.84"N
81°26'51.98"W

Another link in the chain, we don't need to explain. When walking by, you'll see it with your eye.

Geocache Colour:
Green

Bluebird Boxes

43°37'20.95"N
81°25'59.97"W

Boxes for birds, there aren't many words. Bring into view box 602.

Geocache Colour:
Blue

Satellite Pond 5

43°37'40.29"N
81°29'35.12"W

Another long hike, it might have been easier to bike. This isn't a fake, think about the intake.

Geocache Colour:
Gold

MOTUS

43°37'22.21"N
81°27'12.56"W

On top of a large hill, this one won't take much skill. You made it to the top, a perfect place to stop.

Geocache Colour:
Purple

Main Viewing Stand

43°38'37.18"N
81°27'23.58"W

Up the stairs you go, just so you know. You may like sailing, but look near the railing.

Geocache Colour:
Black

Conservation Bridge

43°37'58.45"N
81°28'36.42"W

Take a walk on the bridge, this one won't make you cringe. Looking for a host? Find the post.

Geocache Colour:
Blue

Sanctuary Bridge

43°36'50.65"N
81°27'40.61"W

The river may make you shiver, but in this case look near the base.
