Vanessa Palmer Award 2022

In honour of Vanessa Palmer, the **Friends of Hullett (FOH)** have created the **Vanessa Palmer Award**. The Award was created in 2005 and is awarded to deserving youth on an annual basis.

Vanessa Palmer was born and raised in Southern Ontario. As she matured she developed a passion for the outdoors. In 2002 Vanessa was elected to sit on the **FOH Board of Directors**. As a director, she was instrumental in developing and creating the Interpretive Centre located at the Hullett Provincial Wildlife Area. In recognition of Vanessa's outstanding commitment and achievement to environmental awareness and education **FOH** are proud to present this award annually in her name.

The award will be presented to students exhibiting an awareness of the environment through achievement or contribution. **This award is ideally suited for students starting post-secondary education next year in any type of environmental studies.**

Candidates are required to submit a letter to the Friends of Hullett by email. This letter must be received by **Friday April 15, 2022** stating their environmental achievements and/or contributions. In addition to the letter the student is required to submit **one (1) reference contact** to validate their achievements and contributions. The successful applicant will be notified shortly afterwards and will receive a certificate and **\$200 honorarium cheque.**

For more information, students can contact the **Friends of Hullett** at fohoffice@tcc.on.ca.
