

MERRY CHRISTMAS FROM ALL OF US AT MYLIFE MEDICAL CENTER!

A Wonderful Gift I Received One Christmas Season

WRITTEN BY KAREN LUDWIG

"None of this really matters because I can't have this baby," Danae said to me as her head hung low and her voice got soft.

We had been discussing how we, and other organizations, could help her with some of her obstacles to parenting this child. Danae seemed to perk up and have a glimmer of hope once in awhile but, then, it would seem like reality as she saw it would creep back in and she would become dark & gloomy again.

Danae certainly did have quite a list of obstacles but, I knew that God created this baby for a reason and it was not to be lost to abortion!

Danae and I talked for quite a bit but then she told me she had to leave for work and couldn't stay any longer.

When she left, it was with abortion on her mind. I felt that I had not helped her at all.

At our Client Christmas Party that year, Danae, who we had not been able to contact since her initial visit, brought her tiny one month old baby to meet me! The baby I thought was lost for sure. God had been working in his life that whole time! What a wonderful gift I got that year!

Joyful Christmas Giving

"I want to give to help save babies but all I have to give is \$100 this year."

"Oh, ma'am, let me tell you what a \$100 donation can do for our clients."

- An ultrasound costs MyLife about \$86 perform.
- A prenatal visit (which includes an ultrasound) costs MyLife \$95 each visit
- Each pregnancy test and options counseling session costs MyLife about \$20/client
- Each parenting class client costs MyLife approximately \$20/client/session

So, Miss Sandy, look what all your \$100 donation could do! All of our services are free of charge to our clients but they are certainly not free to MyLife. And, Miss Sandy, don't forget about our 70% tax credit available for donations of \$100 or more! Your \$100 donation will end up costing you only \$30 because the state of MO will give you back \$70 to use as a line item deduction on your MO taxes! Please don't ever think a donation--no matter the size--is not enough!

A 70% Missouri Tax credit is available for donations of \$100 or more!

Contact Karen with any questions.

Being a Part of God's Work Everyday

What a joy it is to be a part of God's Work! And, to get to do this every day...amazing!

When a struggling mom begins to cry in gratitude because we can give her some diapers to get her through until her small paycheck comes in....we cry, too!

When a young dad could hardly choke back his tears because we were able to send him home with several pieces of clothing for his two young children, we cried, too.

When Erica came in claiming abortion was her only option for her unplanned pregnancy because she literally had no hope and then left our office with a plan in place to carry her baby, we cried again.

Teara & Jason, homeless, unemployed, and without hope left their appointment with a job interview, a place to stay for a few nights, and hope for the future, we cried once again.

When Tisha, who, during her initial appointment with us told us she was NOT there to talk about God, but, after attending several of our parenting classes picked up one of the Bibles in that room and asked if she could borrow it! Someone who was so anti-God was now wanting to learn more....you guessed it, we cried again.

We do tear up quite often around here, that's for sure. When we see how God is working in someone's life, when we get to be a part of blessing our clients, WE know WE have been truly blessed as well!

Want to see these blessings happen first hand? Contact us! We need you!
