A NIGHT OF SHARED HOPE & BLESSINGS

This year's Annual Fundraising Banquet was a night to remember! Through the generosity of our incredible supporters and the presence of the Holy Spirit, we were able to raise over \$140,000 toward the mission of offering hope, help, and healing to women and families in our community!

The evening was filled with music and fun with our awesome silent auction, great food and service from Andre's, fellowship, blessings and testimonies of hope! Many of you commented on how moved you were by the amazing speech by our 2025 Speaker Kelly Lester and her personal testimony of struggle, her own abortion experiences and experience as an abortion care worker and another story, a story of redemption, hope and healing. Kelly is a perfect witness and testimony of the redemption happening in the women and families lives that we encounter here at MyLife Medical.

Your faithfulness allows us to continue providing free ultrasounds, STD testing and treatment, pregnancy tests, parenting classes, and material resources to those in need, all in the spirit of letting Moms know and understand the impact of choosing life for their child. Giving a voice and hope to those without a voice.

We are so grateful—thank you for being the hands and feet of Jesus! We are already planning and looking forward to what God has in store in the years to come because of the blessings that this year's banquet has brought. 2026, we are looking at a VERY special and engaging 20th anniversary Banquet and we plan to celebrate 20 years with you in a big way! Please plan to come and celebrate God's faithfulness with us!

20TH ANNIVERSARY IN 2026!

MOBILE UNIT UPDATE

We have officially been given the the go on the Mobile Unit! Last week our Director Karen Ludwig and Board Director David Krumm flew out to Florida to tour this beautiful mobile unit and it passed all the checks!

We plan to move forward with the purchase and the unit will be here in no time. We will re-wrap it with all of MyLife info so people will know who we are and we can get our life affirming services to even more abortion minded women.

We are scoping out the best areas to setup and we need your prayer for all of the logistics and details as well as we are in need for client advocates to staff our mobile unit, nurse/medical staff and a committed driver to get us where we need to go as well as our brick and mortar office location.

We need you! We offer in-house training for our advocates. Is that you? If not, we still need you!
