

Columbus Cottonmouths stick bag.

This heavy weight canvas stick bag made by New England Sports Sales (NESSI) bears the screened on team name in gold. There are three heavy duty straps with plastic buckles and heavy duty carry handles on each end. Red piping adorns each end of the bag. There are heavy duty brass grommets for ventilation. The bag shows heavy wear and is torn on one end, suggesting that this bag may have been around for multiple seasons. It was obtained directly from the team at the end of the Cottonmouths final season in 2017 by another collector and purchased from him.
