

Augusta Lynx 2008-09 equipment bag.

First-year head coach John Marks announced he had hired Chad Weprin as the team's new trainer and strength and conditioning coach in August prior to the start of the 2008-09 season. Weprin had previously served as the head athletic trainer and strength and conditioning coach for Pensacola in 2007-08 and as an assistant trainer for the Ohio Junior Blue Jackets of the United States Hockey League in 2006-07. The heavy weight waterproof material bears the screened on Lynx logo on each side. There is a bag tag which bears the handwritten address of the team office. Inside the clear pouch was a label indicating that this bag was most recently used to carry extra equipment. Since the team folded in December, the numerous small holes and scratches suggests that this bag may have been around for more than just one season. This well worn equipment bag from an unknown manufacturer was obtained directly from Weprin.
