

**Macon Mayhem Jared Bethune 2020-21 game worn jersey, size 56.**

Ontario native Jared Bethune signed an amateur contract with the ECHL Allen Americans after several standout seasons with Warroad High School in Minnesota and Prince George in the WHL. He also attracted the attention of the Minnesota Wild, being invited to their prospect camp in 2015. After two seasons with Queens University, he was re-signed by Allen in September 2020. Due to the COVID-19 pandemic, there was a surplus of players so Bethune was released in early December and was picked up by the Mayhem. During the COVID shortened 20-21 season, he had 5 goals and 4 assists in 27 games with Macon. Bethune was also called up to the ECHL in February and appeared in three games for the Allen Americans. This white OT Sports jersey has the embroidered team logo sewn on the front, along with two embroidered sponsor patches and the OT logo. The numbers on the back and sleeves are two color sewn twill. The matching fabric nameplate has single color sewn twill letters. On the shoulders are a pair sewn on embroidered alternate logos superimposed on an outline of the state of Georgia. Embroidered SPHL, Wrightcore and OT patches are sewn on the back hemline. Bethune's autograph in silver Sharpie is on the back number. The jersey exhibits nice game wear and team repairs on the sleeves. I purchased the jersey directly from the player.
