

Columbus Cottonmouths Olaf “Ole” Kjenstad 1997-98 authentic jersey, size 48.

Olaf Kjenstad was the team’s leading scorer during 1997-98, scoring 55 goals with 70 assists for 125 points. A career minor leaguer, Kjenstad also played for the Snakes for parts of three other seasons following stints in the AHL, IHL and ECHL. The front of this white CCM jersey has an embroidered sewn on snake head logo and a sewn on screened Mortgage America sponsor patch. The back and sleeves have sewn on two color twill snake head numbers. On the sleeves are two sewn on blue, white, red and gold embroidered snake patches, a unique design element which can only be found on the '97-98 and '98-99 jerseys. On the back is a sewn on cloth nameplate with the player’s name in single color sewn twill. The only feature not present on this jersey is the Custom Crafted logo, which was screened on the game jerseys on the lower back by the team jersey customizer. I purchased this item on eBay from a fan who told me that she had always planned to have this jersey customized with Kjenstad’s name and number, so I decided to do this myself.
