

**Columbus Cottonmouths Sean McAslan 2002-03 game worn jersey, size 56.**

Sean McAslan came to the Cottonmouths after five seasons in junior hockey with the Calgary Hitmen. In 75 games over two seasons with Columbus, he scored 31 goals with 38 assists and amassing 271 penalty minutes. After playing in the AHL and in Europe, McAslan retired in 2012. This white SP jersey shows great game use. A fully embroidered snake head logo is sewn on the front, as is the screened Peachtree Mall sponsor patch and an SP logo embroidered directly to the jersey. Embroidered alternate logos are sewn on both shoulders. The three color snake numbers were made by screening a blue rubberized layer over white twill, with the yellow tongues and red eyes either sewn twill or stitched, and these top layers sewn onto red twill. The cloth nameplate also has three color letters, with blue twill trimmed with a screened on white layer finished with white and red stitching. On the back hemline is a sewn on embroidered ECHL patch and the Meigray embroidered patch. Above the nameplate is an embroidered SP logo patch. I acquired this from another collector.
