- d) All residential applications shall provide evidence of compliance with the Tuscarawas County Water and Sewer District. For buildings not serviced by a sanitary sewer, a copy of a septic system approval from the Tuscarawas County Board of Health shall be provided.
- e) All applications located *within* the Historic District shall include the necessary information to demonstrate compliance with the objectives and requirements in both the Zoning and Historic Preservation Ordinances. This includes the General and Historic District Architectural Standards; the Secretary of the Interior Standards for Preservation, Rehabilitation, Restoration and Reconstruction; and the Zoar Historic District Design Guidelines.
- f) Applicant shall attach any additional drawings and photographs along with explanatory notes which may be necessary to convey a clear architectural understanding of the project. For construction projects, the illustrative material must include a description of the materials of construction. Illustrations from manufactures' catalogs, color samples, or magazine clippings are acceptable for this purpose.
