Lesson 9

Revelation 5:1-10

Jesus is the Lamb of God

We often think a lamb is an animal that is weak and not so smart. However, lambs are actually smart and strong. The Bible tells us that the lamb is a sacrificial animal, and the biggest part of Old Testament passages that mention "lamb" refer to a sacrifice.

A lamb is a symbol of innocence and purity, meaning they are without flaws. The lamb is an important animal that provides many things for people. Their wool makes warm clothing for people all around the world and they provide food and milk. They are a blessing. They know the strength of staying together.

The Bible tells us that the lamb has a Shepherd who takes good care of them and never lets them go astray because the lamb is valuable and loved very much. Even though they are loved, they are often raised to be slaughtered, which means killed. Yes, they are born to die.

[Teacher's Note: Be prepared to address the concerns and fears of children about lambs being slaughtered. Share that it is done humanely.]

Revelation 5:9 pictures Jesus as a "Lamb" who was sacrificed, and is the only one worthy to open a special **scroll**. The scroll is a very important document created by God with secrets

that only the right person can open. Jesus gave his blood to save people all over the world. His blood represents His **sacrifice** on the cross. This makes him the only one who can fix the problems of the world and bring the lost sheep (people) back to God. We can say that Jesus the Son of God is the Hero who loves us because He sacrificed His life for us. Jesus the Lamb of God we love, trust and honor Him because He is the only one good enough to fix the entire world!
