Lesson 11

2 Chronicles 7:1-11

Have you ever attended a worship service in a building made of all glass? How about a building made of stone, or maybe even a building made of wood. When COVID plagued us, we would stay in our homes and worship God by using Zoom on a computer or even by a conference call over the phone, there were even times we met outside. These are all different types of buildings, ways and places where people gather to worship the Lord.

2 Chronicles 7:1-11 tells the story of King Solomon the son of King David. God chose King Solomon to finish building the temple. He built a big beautiful temple where people would go to worship, pray and talk to God. The temple was a special place of worship just like our church buildings today. One day, King Solomon prayed to God and a big bright fire came down from the sky to show that God was happy and pleased with the temple. When the people saw the big bright fire, they all bowed down and praised our Heavenly Father because they knew His presence was with them.

Questions

1. Why was it important for Solomon to dedicate the temple?
2. How do we honor God in our places of worship?
3. What can we do to dedicate our hearts to God?

A Royal Home

We all have the authority to **build** a **sacred** place to worship the Lord. We should create a sacred place where we sing songs of praise, pray and invite the Lord's presence to surround us. God is waiting for each of us to dwell in His presence no matter where we are. He created us to praise Him and thank Him for His goodness and blessings. We are His temple!
