

HCGMS Covid-19 Update – August 3, 2020

A Message From The HCGMS President:

I hope everyone is doing well during this pandemic. It is so sad to have it go on for such a long time. Surely life will return to normal someday but it doesn't look like it is going to be before 2021.

Please be careful and take care. Almost all of our members are seniors or close to being seniors. The plan is to meet on Skype at the regular meeting time each month third Saturday at one. We really don't have any business to speak of but it will give us a chance to keep up with one another. We want everyone to come back once things open up again and it is safe for us to meet again.

Take care and meet us on Skype until we can do better.

Sue West
President
