

Harrison County Gem & Mineral Society

September News

Another month of remote beading! We hope everyone is staying well & keeping themselves and loved ones safe.

The minutes for our August 15th Skype meeting are outlined in the September, 2020 newsletter. When looking at the address bar on the website you'll notice a lock. We voted to secure the website.

Also discussed was the number of meetings attended necessary to qualify for the 2021 scholarship drawing. To be fair, and because we have no idea how long it will be until we are able to meet again in person, we decided that all members in good standing will be included in the scholarship drawings next year.

There is a September show featuring our jewelry artists at Gallery 782 Co-Art! And Sue West has also started an Etsy Shop called WireBySue. Check it out!

The Project of the Month is Sue's: 3 Bead Box Earrings – found on page 4 of the Newsletter. Anyone who has made a piece they'd like to teach, please contact Laura Tate, the workshop chairperson at wanderingmsrn@gmail.com. She'll send it on to Lisa for the newsletter. Anyone who has made projects and just wants to show them off, send info & photos to Lisa at lapidaryarts@hotmail.com.

Our next Skype Meeting will be September 19th at 1:00 pm. Contact Lynn Tate at (228) 342-2963 or email her at l.tate4@gmail.com. Download Skype first, then near 1pm of the day of the meeting, check your email for the link to join. Hope to see you then!
