

## **Message from the president, Sue West**

At the Skype Meeting today, we discussed holding regular monthly meetings again. Would you be interested in going back to our regular monthly meeting at the Herbert Wilson Community Center on April 17, 2021? We would meet at 9:00, wear masks and exercise social distancing. Rather than having our regular covered dish meal, we would start out doing brown bag lunches for ourselves and family. We do plan to have workshops. If we vote to have the meeting, I will let you know what workshops will be offered.

In addition, would you be interested in having a show in May? The Shriners Temple is available for us to use. Also, Lynn has several vendors who are interested in doing the show. We would require masks and have hand sanitizer available.

Please let me know as soon as possible if you want to resume our regular monthly meeting or not? And, if you are interested in doing a show or not?

Stay safe & well!

Sue West
