The Looking Glass Wars was an amazing book. It is a fantastic new version of the classic, *Alice in Wonderland*, and I'm sure it is a lot more adventurous and action packed than the classic by far. In this version, there is a princess named Alyss, who's mother is killed by her aunt Redd. This whole book is about her uprising and the glorious plan to overthrow Redd and take her rightful spot as the queen of Wonderland.

The action and the political power struggles that occur in this book are realistic as well as farfetched with strong characters who are vividly portrayed in this marvelous book. I would give this book a 5 out of 5 for a good read for anyone middle school age and up.
