

Reaching The World With Life Giving
Water For Those In Need

LIVING WATER

Model: LWSC-1

PRODUCT FEATURES

- FILTERS UP TO ~300 GALLONS*
- NO SHELF LIFE
- NO BATTERIES REQUIRED
- NO MOVING PARTS
- NO CHEMICALS USED OR NEEDED
- CAN BE USED IN SHALLOW WATER
- CAN BE SCREWED ON TO WATER BOTTLES FOR ON-THE-GO USE
- CAN BE CONNECTED TO RESERVOIR FOR FAMILY USE
- CAN BE CLEANED BY BLOWING THROUGH FILTER
- USES 0.2 MICRON ULTRA FILTRATION MEMBRANE

Contaminants Reduced

Reduces 99.99%*

Waterborne Bacteria: E. coli, V. cholera, S. typhi, etc.

Reduces 99.99%*

Waterborne Protozoa: Cryptosporidium parvum, Giardia lamblia, Guinea Worm, etc.

Reduces Turbidity: Down to 0.2 microns

Uses NSF Listed Materials

SPECIFICATIONS

Model Number	Service Life	Dimensions	Weight	Water Temp
LWSC-1	300 gal (1100 L)*	8" (20 cm) x 1.5" (3.8 cm)	2.3 oz (65 g)	40° F(4° C) - 125° F(51° C)

*Actual service life production and reduction will vary depending on water turbidity, temperature, pressure, TDS, and contaminant concentration. Drinking microbiologically unsafe water may expose you to harmful microorganisms and increase your risk of gastrointestinal diseases.
