

## Author M.S. King doesn't have to be a genius to have figured this out....

I found this article he wrote for [tomatobubble.com](http://tomatobubble.com) & *The Anti-New York Times* interesting. Normally I'd say, "very interesting", but it's exceedingly basic and obvious news. Additionally, I've become genuinely sick-and-tired about hearing news in relation to the corona hoax continuing on and on.... It just never ends. Furthermore, this information is merely one of many elements of this hoax which people should've already realized, yet a voluminous percentage of the American populace continue in their failure to perceive the truth. Therefore, Mr. King once again wrote an eye-opening article.

*Shaun Prario* (Author & Founder of The Verity Outlet)

Excerpts from King's article:

“\_\_\_no celebrities have died; no professional athletes (*present or retired*); no college athletes, no politicians, no big businessmen, no university presidents, no university department heads nor hot shot academics. This strange death dearth among the famous, near famous -- or even just relatively well known within their states or cities -- is truly bizarre, astonishing even. One need not be a “conspiracy theorist”™ to wonder if this “pandemic” was ever even real – beyond the very old and/or sick who either did die with Covid -- or were deliberately knocked-off in the ~~nursing~~ killing homes and homicidal hospitals -- or (*due to financial incentives*) had their death certificates falsely coded as “Covid” instead of the true cause.

\_\_\_There are many 1000's more individuals – and spouses / children of said persons-- that one can think of whose deaths would have rated a mention on the national Fake News giants or any of the myriad local affiliates or small town newspapers that are all so determined to pump up this phony crisis in accordance with **Bill Gates'** "Event 201" directives. And yet, there is **NOT ONE** major nor minor muckety-muck (*\*please do tell us if you know of any*) under the age of 85 on the Covid-19 death list in the United States. How can this possibly be?

And for this imaginary “crisis,” the **PRC** (*Predatory Ruling Class*) has thrown 30 million people out of work and onto the welfare rolls; destroyed businesses, racked-up trillions more in public debt, and got healthy people walking around in idiotic masks and living in dreadful fear of other healthy people? Think about it a while --- and you'll realize why we call it "Stupid-19" --- because you have to be stupid, to believe it.”

**King also printed this list:**
