

What Is the Faith & Knowledge Program Now Besought on *The Redeeming Truth Video & Book Library*, and How Was It Commenced?

Anyone who's seeking truth concerning modern sociology and desires being taught sociology whilst reflecting on the truths which are constantly hidden or manipulated throughout so many situations commencing from the top (the Federal Reserve & other corrupt bankers, the Shadow Government whose power far surpasses our Congress and the Presidency, officials in the Pentagon, C.I.A., etcetera) and down through our education system; which's truly one of the greatest crime against humanity and I explain why in the book *Faith and Knowledge to Overcome Addiction Master Edition*, or Page 3 of redeemingtruth.com titled *Sophistical Society* – the documentaries found on Page 5 titled *Consciousness/Metaphysics*, Page 6 *Evolution vs. Creation and the Ancient Gods such as the Anunnaki*, etcetera.

Page # 2 titled *The Real International Drug-Trade* not only supplies free books as every page sponsors its own library, but has ALL NON-MAINSTREAM DOCUMENTARIES presenting multiple hours referring to the Clinton family and Bush family's heavy involvement in the drug-trade; now this topic would obviously never be shown on your television; never!

Though It All Began with Drug Addiction Recovery

I, Shaun Prario am I recovering addict who survived the deepest levels of the criminal and drug-addicted lifestyle. Therefore, after utilizing every method made available in our society, such as multiple detox centers designed to circulate money not help addicts (or at least the help comes #2 after prophet, but if a situation arises where less help means more prophet, than prophet will always be chose foremost.) I needed to write a book that hardcore addicts could relate to. A book that would save their life if they're currently in their lowest position yet. (e.g. facing a long prison sentence, contemplating suicide).

The hardcore drug-addict requires substantial time to be able to work on their problematic issues alone, or alone with God. They're going to take a deep inventory on just who they are, desire to be, or have the ability to be. They'll need to pray in order to survive through the following 30 min. without shooting-up. (or smoking). They'll need to re-read the same chapters, so they can began operating physically and mentally on a more *normal* -level.

Nevertheless, throughout all of this, they'll develop strong urges to use, but at the same time their eyes are now becoming open to the world around them. They weren't street thugs who dope started-off transported by hardcore Cartels who're screaming *fuck the Feds* and banging their way throughout the country. No, it's the people Americans trust to protect them who're truly the largest drug-traffickers in world. Of 'course their greedy and don't care for the communities they destroy (while presenting a public persona of aiding and bettering or country). Likewise, many possess more evil agenda's and are purposely destroying communities and the unity throughout these communities to lessen the chances of revolution breaking out on the extremely corrupt people who run our country behind the scenes.

With the Redeeming Truth Libraries, the Addict Builds a Whole New Life.

No longer will the addict fall victim to such harsh and inhumane treatment!

Wherefore, Redeeming Truth (redeemingtruth.com) supplies knowledge to a great expanse of individuals, it continues to tie-in with the Faith & Knowledge Recovery Program as well.
