

Premium Bonded Aluminum

1 Pure Smooth Aluminum on top and bottom

2 Black PVC Rigid Composite Core for support

3 Total thickness is 3MM or 1/8th of an inch

Our Premium Bonded Aluminum panel is the smoothest high-end print surface for both indoor and outdoor art signage with a reinforced core for increased durability

Our Aluminum product is the most premium product to print on. It literally looks like an HD window to your image.

Our Rigid Core Bonded Aluminum makes an even more impressive and gallery style piece when hung on the wall as a single or paneled image.

This material is UV coated and can go indoor or outdoor, so you can use it to decorate your patio spaces too.

Production time is 48 hours from art approval.

Make your images single images as large as
48 x 96

Make your images paneled images as large
as 48 x 96 per panel
