

Smithmoor BPCR Shooting School

Oct 9-10, 2021

Held at West Smithmoor Range and Clubhouse
4696 County Rd 204, Carpenter, WY 82054

Welcome to the first Smithmoor Shooting School. Over the last couple of years, we have become aware of numerous folks that are interested in BPCR, but don't have the knowledge or the confidence to come to a match. I also know of quite a few shooters that have started but are struggling along. It is both hard to reach some of these guys and hard to find time during a match to really help them while you are trying to compete yourself. In an attempt to remedy this situation, several of us at Smithmoor decided to offer a 2 day BPCR "school" over the weekend of the Oct 9th and 10th.

We will cover marksmanship, in depth and detail casting, reloading, the mental game, wind calling, spotting, and a variety of other important topics to improve your shooting. Your entry fee of \$200 for the weekend includes lunches, camping in the West Smithmoor RV campground, a genuine Wyoming Sight Drifter and some other goodies. Although meant to be helpful to new or struggling BPCR shooters, the school is open to anyone interested in BPCR shooting.

I'm sure that there is something all of us could learn, as well as a weekend spent on the range talking about guns and shooting is always fun!

Please bring with you, if you have these:

1. BPCR rifle, ammo, and equipment
2. Casting moulds, dies, reloading equipment, etc (Presses will be provided)
3. Willing attitude to learn and have fun

If you have any questions, please email me at SmithmoorRange@gmail.com. Please register for the school by completing the entry form and returning it with \$200 to Smithmoor Range no later than Oct. 1, 2021. Sorry, but no refunds for cancellations will be given less than 30 days prior to the event.
