

Shooters and Friends,

4/23/2023

Man, I feel bad I have not gotten any kind of match report out for our second March 22 BPCR match till now. We had several folks win that haven't for a while and they need recognition! Sorry to make excuses, but there just hasn't been enough hours in the day lately!

We held our #2 March 22 BPCR silhouette on March 25th and as usual it was a great day. Weather conditions were again quite challenging which led to somewhat lower overall scores, but I continue to be impressed by the level of marksmanship displayed by our shooters.

Coralee's famous ham and beans were for lunch, along with several sides. As usual, we ate well.

Linda Dobkins won AA/A class with a solid 19. Great job Linda! It's fun to see shooters improving. Joshua Tangeman shot a super 32 to win AAA class, while JD Farmer also shot a great 32 to win Master Class. There was a tie for the winner of Grand Master class between myself and Dan Womer. We had to shoot it off on chickens to settle it and Dan got me! With steady hands and nerves of steel, the good doctor stepped to the line and gave me a fine spanking! Great Job Dan!! I think I am most pleased to see Michael Jackson shoot a very good 34 to be our Match Winner. Michael has been trying to get his gun situation figured out all winter and it looks like he has. Great Shooting Michael!

We shot our fifth station Texas Star target at 200 yards this match. It was pretty tricky but really fun. Sir Billy Acklin came out in the lead on it by knocking all 10 discs off with only 13 shots. Several others managed to get all 10, but they took more shots to do it. Good Job Billy!

We held our Winter Season finale last Saturday on 4/15 and I'm working on a match report now.

Take care my friends,
Cody
