

Sixth Degree Application Form

Name: _____
Member's number: _____
Address: _____
City/State/Zip: _____
Home phone number: _____ Cell phone number: _____
Chapter name: _____ Chapter number: _____
Year in which 5th degree was attained: _____

To complete the Sixth Degree an applicant must design and implement an approved project in all three specialty areas (education, service, and association). Honors will be awarded in each area as projects are completed until such time as the Sixth Degree is attained. In order to receive credit, a formal presentation of the project materials must be made in the applicant's community or at a district, state, or international level meeting of ESA.

I am currently working on a project specializing in:

education service association

This project can be used at what level: (Check all that apply)

community chapter state international

I believe that this project can assist the larger world of ESA by providing:

I will need assistance and support in the following areas:

I will be using the materials that I develop in a presentation to:

(Community meetings and state, district, or international ESA meetings are all acceptable places for the presentation of your project. Alternate presentation plans may be approved by the ESA Headquarters.)

(see page 2)

Attach a complete description of the project that you propose. Include the time frame that you envision and an outline of any program materials that will be developed through the project.

I understand that the International Council of ESA and ESA Headquarters have my permission to use and reproduce the materials that I submit to the benefit of the general membership and to promote the ideals of Epsilon Sigma Alpha.

Application's Signature:

Date:

Approved

(Note: All projects need to be approved in order to receive credit towards the Sixth Degree.)
