

## The Garden Club of Princeton Membership Proposal Form

For over 100 years, The Garden Club of Princeton has been involved in civic projects, community activities, conservation, garden history and design, floral design, horticulture, photography, scholarship, and visiting gardens. Each year new club members become active in our organization. Do you have a friend who would like to join us?

To benefit the Membership Committee, please take a few minutes to introduce your nominee by considering how she or he might enjoy becoming involved in our Club. As a proposer of this new member, you will be expected to lead by example and introduce your nominee to the committees, activities and people who make up The Garden Club of Princeton. You will be expected to guide, partner and accompany your proposed member throughout their first year in the Club.

Please return this form to the Membership Chair any time prior April 1.
