Botanical Artists of the GCA

For centuries botanical artists have served both naturalists and lovers of beautiful flowers by realistically depicting horticultural specimens and imparting information in an aesthetically pleasing way, according to Claudia Lane, member of the Garden Club of

Photography Program April 2021

Together Again?! A Virtual Flower Show May 2021

The first GCA judged, virtual Floral Design Show for our club.

Participants were asked to photograph their arrangements following GCA guidelines: straight on and with a black or white background.

Each class, limited to 6, was full.

"Together Again?!" Floral Design Show May 2021
