### ABOUT MUSKOKA ELITE

Muskoka Elite Cheer & Tumbling is Muskoka's only competitive cheerleading club offering quality cheerleading programs to local families. We are centrally located in Bracebridge, Ontario with a brand new 6,000sqft cheerleading facility. Cheerleading is one of the fastest-growing sports in the world and offers endless benefits to participants. We endeavour to make quality, fun, meaningful cheer programming accessible to all families.

### ABOUT THE ROLE

As part of our broader strategic framework, Muskoka Elite plans to serve our local community with a preschool gymnastics program which will target young families with children under four years old. It will focus on developing the fundamental movements of sport - swing, spring, rotation, twisting, jumping, landing, locomotions, static positions, projection, and reception - in a stimulating, fun, and exploratory environment that builds and reinforces agility, balance, coordination, and spatial awareness in young children. Parented classes for our youngest participants will be offered to facilitate sensory and exploratory learning. Instructors will plan, prepare, execute, and iterate lesson plans to achieve defined outcomes while creating and maintaining positive relationships with young families. This role has the potential to develop into a Preschool Gymnastics Coordinator position in future.

### ROLES & RESPONSIBILITIES

Duties include, but are not limited to the following:

- Attend staff training in June each year
- Plan, coordinate, and execute lesson plans and classes each week
- Push results and skill achievement
- Use play to make classes fun, exciting, and memorable for all involved
- Develop drills and circuits to keep participants engaged
- Plan and execute warm up games that are fun, age appropriate, and captivating
- Plan and implement tumbling complexes that are age appropriate
- Learn about the sport of cheerleading more broadly to understand tumbling's place in the sport
- Participate in staff meetings once per month
- Communicate challenges with gym management and collaborate to find solutions
- Instructors should have their own transportation to and from the gym
