Human Rights

Design Science Lab at Chestnut Hill College, 2008

Met with United Nations members to identify pressing issues facing developing nations. The prevalence of respiratory diseases caused by indoor air pollution was selected. My team designed fuel efficient briquette makers that would not only reduce deforestation but could also be produced and sold by local residents at affordable prices.

University of Central Florida Office of Global Perspectives Intern, 2008

One of two students selected for prestigious internship. Responsible to research topics assigned by office director (counterterrorism, poverty, water). Researching one topic of personal interest: the Dalit women in India, formerly part of the untouchable class who are now forced into lives of sexual servitude. The report highlights the current efforts of aid groups.

Harbor House, Orange County Center Against Domestic Violence Volunteer, 2007-2008

Assist with cleaning and folding linens, filing of office paperwork, and supervision of children in center's daycare on Saturdays.
