

# CAPRERA ADVENTURE

(meeting point: port of Palau; you can leave your car nearby)

The island of Caprera is part of "La Maddalena National Park" and is a marine and terrestrial protected area of national and community interest.

We will ride on off-road paths and along white beaches, protected from the passage of motor vehicles and noise. We'll see unique views and we will have the opportunity to feel inside an important part of history, guests of the island that was the last home for Giuseppe Garibaldi, who lived the last 20 years as farmer and donkey breeder with his wife. We will spend the whole day surrounded by breathtaking colors, scents and landscapes.

Caprera is a nature full immersion experience rich in emotions.

DURATION: full day.

LUNCH TIME: you can choose between your self-made picnic or the local service bar/restaurant

LEVEL: easy
