Desert near Kabul

Near Kabul, Afghanistan, in 1965, at 4 in the morning, awakened by the noises of a strange “pipe” music (or “blowpipe” or flute), a man named Baba ran outside and saw two humanoids approximately 60 centimeters tall. They both seemed to carry kinda instruments like flutes. When Baba tried to approach them, they fled through a field and disappeared in the desert.

Reliability evaluation:
very low
unexplained, insufficient info
