

## **Club 40 Pylon race results, Sunday, October 19, 2025.**

We held our fifth race on October 19. This was a make-up date for the rain out of 10/12. The weather was seasonal with a light but building breeze. However, in warm ups Charlie and John had a midair causing catastrophic damage to John's plane as it augured in after the collision. Charlie landed the crippled plane with minimal viewable damage which would show up in the fourth race when it suddenly dove straight in at the start finish line midway thru the race. Frank continued his domination but in his aggressiveness on the fourth race he and Marty both had 2 cuts and were disqualified in the main event giving the win to Tim. The competition was intense with several heats decide on the last lap. The Last race of the season is scheduled for 10/26, but that may be postponed or canceled due to scheduling conflicts with some of the pilots.

### **~~Race # 5 results:~~**

<del>Tim Stagg</del>	<del>14 pts</del>
<del>Frank Donnelly</del>	<del>12 pts</del>
<del>John Saunders</del>	<del>11 pts</del>
<del>Lary Nowland</del>	<del>11 pts</del>
