

# Sweet Basil

**S**weet **B**asil has a wonderful flavor and fragrance. This plant is fast and easy to grow. You can make your own pesto with sweet basil so you can stock your freezer for year-round use! Be sure the last of the frost is gone before planting this hot-loving plant. It works great in containers, but keep it watered.

## Important Info:

Full sun

Fertile, well-drained but moist soil

Grows 24-30 inches tall, 18 inches wide

Dishes: Asian and Italian dishes

In the garden at CHIPPY WHITE COTTAGE
