**Charge those batteries and let's get airborne.**

**NO** wind, rain, sleet or snow, just two hours of flying !

**Schedule:**

December 3 10 17 24 31

Hope you can make it out.

Bob.

## *Last week's news !*

Our man SAM was missing in action !

The curtains, the balcony, goal nets etc., were all empty.

***" BUT NOT FOR LONG "***

**Sooo.....what have we here ?**

Could it be Will, posing as a soccer goalie !  
I don't think so ! Hanging in the net, on the inside of the goal net, is Wills beloved Click.

**Now for the whole story !**

Two or maybe three mid air collisions previous to this occurrence, **MY** beloved click was unceremoniously knocked out of the sky by .....Wills click. The likely conclusion by most of the onlookers would probably have been that I, " made the pilot error " and caused the crash.

**I'm not so sure.**

Maybe the proof is in the photo.

Soooo what do you think fellow pilots, care to reply with

a comment !

*" Sitting on the bench "*

So why does he look so happy ? Here he sits with grandson Max and friend Juanita and he has the " Cucumber grin ! "

**HE HAS YET TO CRASH---- AGAIN !**

# **FLIGHT LINE**

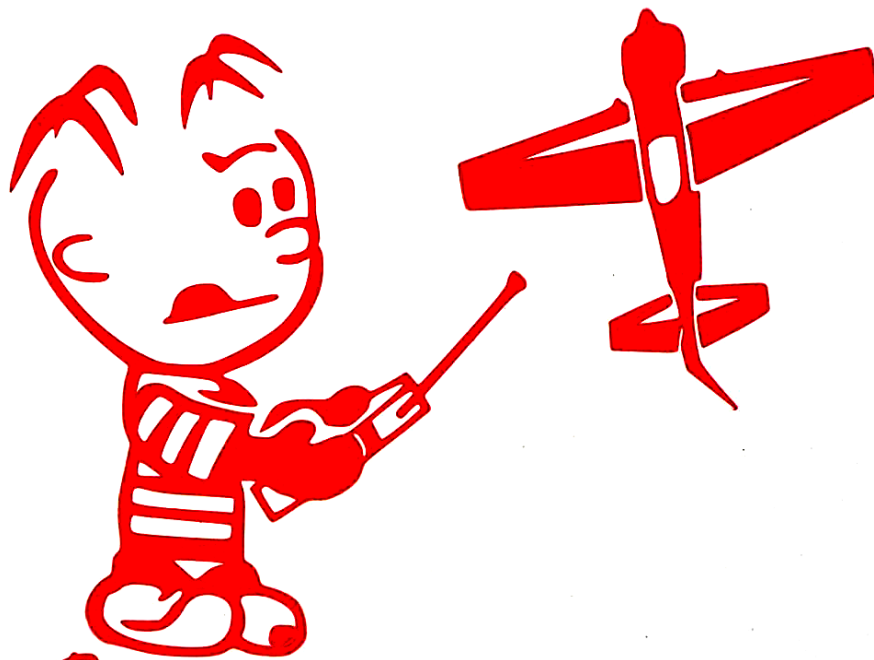

Soooo there you have it, lots of fun for two hours on a Friday morning ?

***Indoor flying with Rose City Model Flyers  
at the Youngs Sport Plex in Welland.***

That's it for this week, see you soon.
