

KINGDOM MESSAGES INTRO

I'm going to be sharing quite a few videos with you that I call kingdom messages. They are revelations that I've received from the Holy Spirit, either in my quiet time or as I minister to others.

In these videos I share a lot of scriptures. I'm not trying to convince you of anything or give you a teaching. I'm sharing with you statements of reality from God that He has already spoken, already done, and already committed His Holy Spirit to make real in our lives.

The apostle Peter said, if anyone speaks, let him speak the utterance of God. My belief is that if God has not already said it, I've got no business saying it.

Jesus preached, repent, because the Kingdom of God is here. Being born again of His Spirit was required to see and enter His Kingdom.

He compared His word to a seed, having everything within it to bear Eternal Kingdom fruit.

I pray that you will allow the Holy Spirit to give you revelation of them and plant them in your spirit, allowing Him to transform you into everything that God has created you to be.

God bless you.
