CORRECTION:

In the computer-generated tables above and on the following page, it appears that Noel, N3NZ made all the CW contacts. This is NOT correct. There were two other CW operators who did not “sign in” to the logging software. Here are the manually corrected QSO counts for the three CW operators:

KA3SJK	Nick	137
N3NZ	Noel	106
NA3K	Bill	30
Total		273

Just a quick note while we're here. See how important it is to remember to sign on to the logging program when you start operating? If your contacts seem to be missing from the counts, you may have been signed in as someone else while you were operating the station!
