Some summary notes.

Eleven people shot ropes over trees
Friday afternoon-evening.

Forty-one people signed in during the weekend.

The GOTA station had 4 operators.

We logged ten “alternative power” contacts.

Thirteen wonderful people stayed to the very end on Sunday
to help put equipment away and clean up.

(Correction note: the lone CW contact was made by N3FG and
logged by W3JG. The results show the roles reversed, but the
mistake was discovered too late to correct all the reports.)
