

A History of Swamp Recovery

In February, 1984, Clean Camper's campout was formed by an addict named Jack to show the newcomer that we could have fun and camp without getting high. It was held at Fish Eating Creek and was sponsored by the Midnight Recovery group.

In December of 1985, Clean Camper's name was changed to Swamp Recovery.

Swamp Recovery would be the 1st and only bonfire camp out of NA in Broward County, Florida.

Swamp Recovery changed hands throughout the years between different groups in the Gold Coast and South Broward Areas, as well as the Gold Coast Area Activities subcommittee.

Some of the groups that have sponsored it are: Midnight Recovery, California Group, The Beach Meeting, Choices in Recovery, Another Choice Meeting, The Sunday Serenity Group, The Real Deal, Winds and Tides of Change, Welcome Home Group, New Attitudes and The Journey Begins.

In 2018, it was adopted by the South Broward Area and is now called the **Swamp Recovery Spiritual Retreat.**

Thank you for your continuous support and participation to make this newcomer event a reality since 1984.
