CHAIR'S REPORT-

VICE-CHAIR REPORT-

SECRETARY REPORT-

- Lamar Thanks everyone for bearing with him. He also mentioned that the GSRs should only grab their own groups folder and no one else's. We want to make sure that we have all GSRs in this space because if they are not here for 3 consecutive meetings, the group meeting will come off of the meeting list. Questions on the floor about what Lamar mentioned about the folders being emptied is how we will take accountability... We used to use roll calls instead of the way that you guys are doing it, etc... More questions and comments on the floor about it. Clarifications on the floor from the vice chair. Vice chair also states that a motion should be made if we would like to change something or amend something.

- To have Region add back the search engine put back on the website Na.org. I Needed to come back to the floor because it was not clear.
- Budgets needed to be broken down instead of just giving it to you all for clarity. So the motion for the budget need to be given back to the GSRs
- Miracles group... We are on zoom for Thursday nights. Updates are that the ID and password has changed and a flyer has been created for support

WEBSITE-

- Ben... looking for support to be a part of the website committee, that will be great. I don't currently have any meetings. I have updated NDACNA page form. I added some content information with instructions of what to say when you call the hotel. I have not received any minutes on the website. We have spoken about this months back and need to receive this before the area to be put on the website. Question and statement on the floor from RCM about the calendar being emptied from North Dade. Speaks about a motion that was made last month

Motion to entertain... Step Up, Breakfast Club

RCM-

- 1st motion- Could not hear it at all. (it kept going in and out)
- 2nd motion- Is to create a policy committee and policy person for supremum. And the intention to have a policy person in place for matters concerning SFRCNA policy. Right now it's being held every year. They're trying to get to a point where hopefully they're doing it every two years, or it may, in fact, have to be phased out altogether, depending on the participation from the COVID
- 3rd motion- is to instruct the delegate team to work with the world board to implement AI powered transportation solutions, including a car promotion, if necessary.
- 4th motion- amended that instead holding a region every two months. They're amending it, and it's going to be quarterly. It's going to be every three months. So we're only going to meet four times out of the year instead of six. So what they're going to do, in conjunction with putting it back into person, is going to be not six times a year, but four times a year, okay? And it will be held around the region in different places.
