

Expanding the Memoriam Monument and a Patriot Mural

In 2020, The American Legion installed additional sidewalks around the back of the *Memoriam Monument* and behind the State of Wisconsin panel and between some of the other monuments. The Sonnentag Foundation of the County Materials Corp. of Stevens Point donated \$1,250 worth of concrete for this project.

New LED lighting was installed by Legionnaire Earl Lukaszewski, who again did all of the work at no charge.

A new Patriotic Mural of Old Abe the Wisconsin Civil War Eagle was added to the back of the Wisconsin panel and in the future additional names of passing veterans will be engraved on the back side of the six grey granites that make up the *Memoriam Monument*.

The patriot Mural was painted by Mary Gipp winner of the Patriot Mural contest.

The photographs show how much work is involved putting in new sidewalks and lighting.
