Artist,

I hope you are having a wonderful summer. It is nearing an end which means it is time for us to start thinking about our next season of painting. Opportunities are numerous and just a matter of you picking what you are interested in. So let me get you started.

1. **Gallery 211** - We have space available (for about 10 paintings) on one wall starting in September. This is \$25.00 a month. They will hang your paintings for you and put up the ID tag on the wall next to each painting. Let me know if you are interested.
