Word Multiplication Problems

SHOW YOUR WORK!

1. You just checked out a new book from the library; the book has 65 pages. Can you finish the entire book in 4 days if you read 16 pages each day?
2. Keyla and Mia are making cookies. They have made 18 cookies so far, and they want to make 3 times this amount. How many more cookies do they need to make?
3. You collected 120 pieces of candy on Halloween. If you eat exactly 3 pieces a day, how many pieces will you have left at the end of 5 weeks?
