

Name: _____

More Monday Math

1. Your brother and sister are arguing over who spends more time on homework. Over the past **2 weeks**, your brother has spent 50 minutes every single day doing homework—even on the weekends. Your sister only did homework 6 days per week, but she spent an entire hour each day.

Who spent more time (minutes) doing homework **over the 2 week** period?

How much more time (how many more minutes)?

2. The following is a list of the first ten multiples of 12 (in order). Fill in the missing numbers.

0, _____, 24, 36, 48, _____, _____, 84, _____, 108

3. Which of the following is the correct answer to the problem $428 \div 3$?

142

143
