Questions on Time Intervals

1. If your team practices soccer from 2:45 PM until 4:15 PM, how long is soccer practice?

If it is now 3:35, how long has practice been going on?

How much *longer* will practice last?

2. You have basketball practice at 3:00 PM. You get home from school at 2:17 PM. You take your dog for a 15 minute walk and spend another 15 minutes changing your clothes and cleaning up your room. If it takes you 10 minutes to walk to the court, can you still make it to practice on time?
