Landlords who're in need of our services in order for their business to thrive, run smoothly and be sufficient. Triple-C Cares is a NPO/NPC that's here to restore the dignity of our people. We don't just restore dignity of ordinary South Africans but we also protect them from being exploited from/by their clients and customers, and protect their business reputation. Triple-C "Crystal Clear Corporation" and Wired Up Prepaid Meter Insurance Company have partnered up in response to the cry of South Africa's elderly people about their painful and hard experience within the Rentals/Property Industry. ## Declaration

- I declare that upon me filling in my information and submitting my application form with all the required documents for help from Triple-C and all the companies they work with; I will not invite a third party or any other organization to come assist unless stated by Triple-C or my Lawyers.  
*(This is very important to us because we have our own way of doing things and if there's many organizations working with/in your case, the will be no progress instead all of us will fail which is something that we've never done before and we not will to start now.)*
- I declare that the information furnished on this application is true and correct?
- I declare that, should any dispute whatsoever (whether or not political) arise between the municipality and me, I will continue to pay Triple-C's monthly levies in full for the duration of my contract with them unless stated otherwise by them. If a levy is in dispute owing to its abnormality, I undertake to still pay a monthly amount equal to the average of the previous three monthly account for the levy in question until my enquiry has been addressed.
- I declare that I'm the one who invited Triple-C Cares into my home to help me sort out any possible issues and consents thereof that I/We might have at home.
- I accept that upon receiving help from Triple-C, Wired-Up might install prepaid meters just for my tenants, so they can start buying Electricity and make positive contribution towards Eskom, the country and our economy since that's one of the company's values. This installation of prepaid meters it's strictly for my tenants and it doesn't implicate me. Meters will be installed for my tenants **ONLY** and not for me. Eskom is the only company that has a right to install a prepaid meter for my house, and not Wired-Up.
- I declare that I will be open-minded and fully cooperative to any request asked regarding the issues of the country and I fully comply with company policies ad T's & C's.
- I accept and welcome Wired-Up inspectors to come into my properties anytime of the day to check if me and my tenants are good. And should they find that things are not okay, I'm giving them a go ahead in getting us help.
- I accept liability for any outstanding amount in respect of the monthly premiums "R50" that should be paid to Triple-C Cares. Any penalties charged for late payments "without arrangements", I will pay in full.
- I declare that I will update the company should there be any changes related to the issues they are/were invited for.
- I declare that this application form was read to and with me and I fully understand everything in it and should I need more clarity or any other help, I'll first contact the company's representatives. Should they fail to assist me, then I'll go consult other organizations.
