What does it mean to share a word?

What does it mean to share a word?
What is a word?

Is it a word of kindness; like good morning or
how are you?

Will that affect or change a person's life.
To the somebody you ask it might.

What does it mean to share the word?
What is a word?

Yes, it will bring kindness, but not just
outward kindness.

The truth will cause a heart to change,
lifestyles will be affected.

So make a choice, share a word or the word.
One brings life, the other may cause death.

Jesus is the way, the truth and the life.
