## Autumn

Don't you just love the crushing of the  
autumn leaves?

Don't you just love to feel the cool  
breeze?

Don't you just love the sun shining  
through the trees?

Don't you just love the sound that  
autumn brings?

Don't you just love to see the birds  
flying south?

Don't you just love to curl up by a hot  
fire?

Oh don't you just love autumn?
