Did You Know?

The Charlottesville Scholarship Program pairs each scholar with a navigator. Navigators are mentors who offer students help, support, and guidance. Scholarship winners are often the first in their families to attend college, and their families aren't always able to provide help in understanding college expectations and ways to deal with the college experience. Navigators develop effective relationships with their scholars in order to ensure that they are successful in their chosen course of study. Thank you to all of our generous navigators.

The Charlottesville Scholarship Program remembers with great fondness Charity Haines, our Scholarship Committee Chair, who died on January 15, 2017. As her name suggests, Charity gave freely of her considerable expertise to our students. An educator and counselor, Charity was beloved by her colleagues and the many students she advised and supported. She is greatly missed by the Scholarship family and the entire Charlottesville community.

About the Charlottesville Scholarship Program

Established in 2001 with a \$250,000 gift from Charlottesville City Council, the Charlottesville Scholarship Program provides college scholarships to low- and moderate-income graduates of Charlottesville City Schools, and to City employees. We support students through the completion of their course of study, and we support adults who are furthering their education. Scholarships increase each year, which encourages students to complete school, and lessens overall student debt. To date, we have helped 126 students pursue higher education.
